

A rest

sound a wooden ball like poison  
a visual system to run in parallel  
a split to click in  
an electric run in general (the overall)  
advances run amok  
a young think twice  
an advance to time  
a moment to gain composure  
spend a run around  
in a matter of wording  
{of minutes}  
[the notes]  
spend in thought  
an answer that asks questions  
blinkers bat an eye  
a sense becomes  
a clock that on the money (out of the hour)  
advances on  
[ a rest stop ]  
at an arbitrary location  
selected with skill  
to make out that which can be made  
that which is on the horizon  
water and stone  
out of the 5 and dime  
what is "in store"  
drink up the make  
a complete  
diverse make-up  
a matter of frames  
repair grids - green mesh
