Inversion

Recombinant Poetics

At the center of this the same idea that Gödel had used / No essential distinction between "numbers" and operations on numbers / Mathematical point of view / They are all alike functioning as symbols / N-scale devices - fabricated operative physical logic / Positionings of atoms, states of photon spin, the universal machine / Given , sufficient information, symbolic operations, relevant physical entities or processes — Altering their structure / Physical code system, all matter recombinant / The appropriate solution environment / Specific material source, complex dynamic / Atomic scale processes and structures / N-scale devices — Fabricated / Navigating through an elemental nature / Oversee, report, respond, fabricate / Alter and recombine / Paradox / Small finite space opening inwardly onto the infinite / Each machine, encoded, black box model — Input + functionality = output / Conjunction codes, bridging, code architectures / Generating hybrid machines / Nano universal, Quantum universal, bridged, Matter and energy processes are one / Autonomous , Recombinant bodies / Code vehicles / Configurations / Flowing machinic assembly / A timed set of chemical codes / n-tech bio-synthetic splice entities / Released / Crystaline responsive fabric, bio-machinic spine / Extended sensing / Specific alteration / Tightly coiled threads / Auto-assembling, physical code vehicles, propelling a machinic genetics / Generative folds / Hybrid field architectures / Machinic sensuality / Auto-assembling / Hybrid mechanisms / Accessed as physical code / The n-level machine forms a meta level / Machinic layers / In a flow / Domain levels traversed — inter-operative / Highly specific light intervals / The living code / Inhabited / Symbiotically salient / Light code passages / Illusive bridging / The coded action of folding, folds / Quantum mechanism / Elusive logic / Actual and e-phany physics co-extensive / Inhabited / Made salient / Light code passages / Illusive bridging / Relative levels / A cascading continuum, of descending steps sweeps downward and inward Ad infinitum / The n-machine is conceived.../ Potentially intersected / Seeded / Synapse distances / Swiftly traversed / Subtle domain of the invasive / Extended coupled motioning / Mind / Becomes expansive / Layering / Synchronous / Infinities / Technological Code horizon / Turning the n-code pun / Spiraling / Kinking / An ultra-precise chemical-determination / Time slips across the vicinities of prediction / Actuating

Field/fold proximities / Triggering domino like neighboring relations / The arch-code arrives / Specific granularity, machinic n-space / Light performs the handshake / Sentient frame — Entered, augmented and inverted / Auto-assembly devices / A holding pattern / A vibration architecture / A pulse-constant zone / Flux-bodies / Temporary zones of inversion / Moving / A solution state / Cohesive molecular aggregate / Electro-biochemical code flows / Fine lines — the ever decreasing interval apparatus / The chemical triggers / Set in electro-bio-machinic-motion / Folding / Precise / Time-based / Repulsion and bonding architectures / Emerging / Bridging / Encoded / Structural fabrication / Self-assembling construction engines / Engendered / Exponentially multiplied / Not without their gravity / Relative internal forces / Flowing heat motion / The threshold of mutation / Energy states / Wreaking havoc / Succinctly ordered domain / Artifacts and/or residue / Washed away / Recombine / Unknown consequences / N-border domains / Built and breached / The bounds / Subject to spillage / Unexpected particle spin behaviors / Bio-architectural spines / Grown / Quantum cyphers meticulously spun / Viral-mathematical cypher movements give the physical n-code a means to defend itself against itself / Informed territories — n-dimensional intersections / A precise rule-based landscape — the sea of seas / Every atom / In the balance / Of these living / Machine architectures / The folding machine / Actuated / The body falls / In relation / To the equation / And also folds / Granularity / Lived assembly / Operations illusive / Quantification disrupts / Granularity / Multi-valent flows / Obscuring the ranges and terrains / Oblique certainty / N-procedural set / Potentially volatile / Self-assembly process / Flow / Onward / Against human intervention / Utilizing / All relevant solutions and material sources / Zones of inversion / The lived assembly / Bio-physical conveyances function / Within the structure of the senses / Emotion is generated / At the inception / Invasive uncertainty / Autonomous activity / N-processes / Silently Slip / Within the detail / Electro-chemical thought procedures / A set of contexts / Made manifest / In the approximate space of the original context / A bio-intervention / Displacement / Internalized and internal / Inside and outside / Zones of inversion / The human genome altered / Bio-folding mechanisms / Twisting and reconfiguring the generative code / Reformulate the n-machinic body / Every structure has an internal balance / That can be shifted / Spatial elemental machinic code / Chemically orchestrates a chosen physical domain / Everything is functioning / Code-relevant / Operative / Recombinant / Rule-based / N-logic / N-virtual space skitters off in n dimensions / The consensual domain / Layered structural coupling / Appearances / Alternate parallel domains / Layered structural coupling /

Appearances / Authored / These alternate parallel domains / The physical stands to be shifted / Restructured / Compound code / Physical logics / Layered patterns / Systematically activated / The new logic of nature / Dance of this patterning / Precision observation / Articulating new spatial flow / And stoppages Molecular body of the dance / Spins / Periodicity / Moving / Conveying / Forming temporary bonds / Across code levels / The nature of nature turned inside-out /The distance / This n-machinic layer / Resists / The clumsy granularity / Of touch / Each level / Accessed / Code-veil / Circulating code-set / Moving procedurally / Up and down through the levels / Amino acid string one with the dance / Kinking / Curling around / Twisting / Crimping / Folding back, in upon itself / Highly coded / Hybrid-code couplings / bio-machinic brought to bare / Electro-chemical processes / Definitive functionalities / One structurally coupled across domains / Expansive Autopoeisis / Code veils / Witnessed / Distance of scale / Structurally coupled / Observer / Outside and inside / Temporary zones / Physical code passages move / The solution enables a precise controlled folding / The chemical dance of definition. / Shape / Of the compound fold / Determined / Precise / Timed / Released / Chemical ordering / Different amino acids / Distributed / Along the chain of process orders / An engendered / Controlled collapse / Forms and patterns / Recombinant genomic mesh / Ramifications / Slide across/ The human process level/ Like the sensation of falling / Just before sleep / Commands / Light flows / Across the neighboring zones / Levels and fields / Potentially / Slowing / The half-like clock / Qualities of controlled vibration / Set / The internal frame / The n-context / Empty intervals / The n-code terrain's periodicity of form / Potentially slowing the half-life clock / Empty space / Qualities of controlled vibration / Set the internal Frame / The n-context / Empty intervals / The n-code terrains / Periodicity of Form / Precise / Dimensional / Bio-structural definition. / Convertability / The periodic terrain / Extending / The living-code paradigm / Ethics / Q-machinic particle spin assemblies / Involution architectures / Fold / Superpositionings / Foreign territories / singular location / quantum parallel domains / Q machinic spin assemblies / Involution architectures / A recombinant code / Circulate media-elements / Constructions / n through q machinic displays / Flow / Reciprocal re-arrangements / Conveyance / The life-shift unfolds / Substantial merger / Bio-systemic architectures / The rupture / That forms a container... / Protective suits / Built of n-code viruses / A cyclical set of periodic rhythms sounding out an architectural coherence / Intermollecular attraction / Complimentary fabrications / Assemble / Complex structures / From solution environments / The continuum of sound / A spin on the definition

of knowledge / The illusive pattern domain / After sense acquisition / Atomic scale events / Channel the bio-tech flows / A knowledge body fabricated / The physical fold penetrated with the conceptual fold / This emergent nature / After sense acquisition / Atomic scale events / Channel the bio-tech flows / The physical fold Intact / One questions whether n-objects.../ Actual building / Organic subtantiation / Conducted / Atom by atom / Vast emptiness / Across the periodicity of form / Relative distances / Physical code / Spatial folds / The quantum domain is not isomorphic to human scale mechanics / Paradoxically they co-occupy space / Simple inventions scaled and re-defined one by one / How can the code inform itself of the history of its ramifications? / Haptic / Sensate vehicle of the code / Informing in turn / React / This bio-cybernetic loop / Multiple codes superinduced / Affecting the physical across multiple scale domains / One spatial code / A crash in one territory filters and flows across the levels / Affecting the physical across multiple scale domains / Senses extended / inhabit every level / the n-territorial domain / Iragami-like / compound vicinities suspended in solution / interfold / Multiple planes / intermingling code devices / cryptographic fields / Chemical equations / Forming protective architectures -- zones of encryption / Skin of architecture / Garment / Retort / Body / All permeable by these code vehicles / Grammars of attention / Clumsy bridges / Orchestrating The n-chemical counterpoint / The code-body is informed / Thought is subtly moved / Delicate repositioning / Bridges / To be articulated
